

Appointment System

Need an urgent on the day appointment?

Please call the Surgery as close to 8.30am as you can, if you press option 1 you will be put through to a receptionist.

patches

For routine concerns only

This is an online service that is available online 8am-6.30pm Monday – Friday and allows you to contact your GP for help and advice. It will ask you to fill out a form asking you questions about your condition or symptoms.

You can find PATCHS on our website:

www.fearnheadcrosssurgery.co.uk

You can pre-book appointments via our online services called 'Patient Access' or the NHS App. Appointments can be pre-booked with all Clinicians. Examples of other appointments that you can pre-book are:

- Smear Tests
- Asthma reviews
- Contraceptive reviews
- Medication reviews
- Blood Pressure checks
- GP appointments

Requests for Home Visits should be made by 10.30am where possible. The Receptionist will take your details & pass these onto a Clinician who will triage you.

Home visits are for patients whose physical condition makes it impossible for them to come to surgery. We do not undertake home visits for social reasons i.e. lack of transport.

Prescription Requests

The quickest way to request a prescription is via the NHS App, you can also track the status of your prescription request too.

We also accept prescription requests via writing or via email to cmicb-war.fearnheadcrossfax@nhs.net

The practice has a PPG (Patient Participation Group) who aim to gather feedback and views from the wider patient population about the services on offer and how patients can be involved in shaping the practice. The group are a friendly bunch who meet quarterly at Fearnhead Cross and are always on the look-out for new members. If you are interested or would like more information on what the group do, please email cmicb-war.fearnheadcrossfeedback@nhs.net

Compliments or Complaints

We aim to provide the best care we can but sometimes we may fall short of the mark. Initially we would encourage you to speak to whoever you feel most comfortable with, a GP, Nurse, Manager or Receptionist.

However, if you have a complaint to make, please do not be afraid of telling us how you feel. We welcome feedback on all our services and staff to help us improve where necessary. We will do our best to put right anything that has gone wrong.

If you would prefer to put your concerns in writing, the following designated persons will ensure that it is dealt with promptly by a member of our Management Team

East PCN

We are part of the East PCN. This means that
we work collaboratively with other practices to
offer a wide range of services.

East PCN is built up of Fearnhead Cross
Medical Centre, Padgate Medical Centre &
Birchwood Medical Centre

Through the PCN, we are able to offer services
through the following roles:

- Physiotherapist
- Care Co-ordinator
- Paramedic

Training

We help, support & train medical students and
GP Registrars.
